HELLO, I'M ZAK

Fast turnaround. No corners cut.

I'm a digital content producer based in Watford. I shoot photo and video, and sport is where I'm happiest — golf and football above all.

It started with YouTube. Vlogging gave me a real passion for making content, and I haven't stopped since. I've since worked with professional golfers and footballers, and with clubs and tournaments including The Open and the PIF London Championship.

I shoot on a Sony A7IV hybrid, so you get photos and video from the same shoot, on the same day, turned around quickly and with care. Away from the camera I'm friendly, chatty and easy to work with, and I like people to feel relaxed in front of the lens.
